

**2017 ATA Safety Management Council and Transportation Security Council
Policy Conference
March 27 – 29, 2017
Sheraton Suites Old Town Alexandria | Alexandria, VA**

Dear Colleagues:

On behalf of American Trucking Associations' Safety Management Council and Transportation Security Council, we would like to welcome you to Old Town Alexandria, Virginia and the 2017 Policy Conference. As we've done the previous two years, this year's meeting continues the trend to provide you with even more networking, learning and input opportunities by bringing both of the councils together under one roof, at the same time, for their annual Policy Conference.

Over the next day and a half, all of our committees and most working groups will meet, providing members with many opportunities to participate in committee and working group discussions and face-to-face decision-making. In addition, we hope you take advantage of the professional networking opportunities to catch up with your friends and colleagues during the Monday evening reception, Tuesday and Wednesday's breakfasts, and Tuesday's lunch.

Whether or not you are a committee or working group member, we encourage every SMC and TSC member to attend these important meetings. Your councils thrive when members are engaged and providing input on association and policy matters, and we grow professionally when we share news, information and best practices with our colleagues.

As always, your volunteer leadership and staff are here working on your behalf. Don't hesitate to take a few minutes to pull any of us aside to share your thoughts and ideas on how we can continue to grow and enhance our councils, and provide the best in education, networking, events, recognition and services to the safety, security and human resources segments of the trucking industry.

Sincerely,

Alfred LaCombe
National Chair
ATA's Safety Management Council

Floyd Dixon, III
National Chair
ATA's Transportation Security Council

**ATA Safety Management Council and
