

2018 Security Professional of the Year Award

NOMINATION GUIDELINES AND APPLICATION

**DEADLINE
FOR ENTRY
June 30, 2018**

Note: There must be at least two candidates in order to name an award winner.

2018 SECURITY PROFESSIONAL OF THE YEAR

Dear Company Official:

Is your company's Director of Security outstanding? Has he or she consistently and successfully protected your company's personnel, facilities, trucks and cargo from harm or theft?

If the answer is an emphatic "YES!", then I encourage you to consider the following.

The American Trucking Associations (ATA) acknowledges the importance of security professionals to motor carriers' successful operations and profitability as well as the industry's productivity and the nation's welfare. Your security professional is not only responsible for designing, implementing and overseeing your security plans, but is now expected to be an officer in America's Trucking Army - keeping your employees, property, trucks, and cargo out of the hands of terrorists.

In acknowledgment of these professionals' significant, but often unheralded role, the ATA Transportation Security Council (TSC) presents its annual *Security Professional of the Year Award*. ATA and TSC members are encouraged to submit the name of their exceptional Security professionals for consideration of this award. From the applications submitted, a winner is selected from the pool of exceptional candidates and commended at the 2018 Safety, Security & Human Resources National Conference & Exhibition, November 12 - 14 in Long Beach, CA during a special awards reception and banquet on November 13 at the Aquarium of the Pacific. The winner will also be recognized in press releases and *Transport Topics*.

This Award is the only nationally-recognized award of its kind in the trucking industry. It provides "bragging" rights to both the winner and employer and is promoted coast-to-coast.

If you would like to have your company's extraordinary Security professional considered for this prestigious Award, please have the appropriate individual within your company complete the attached questionnaire. Once completed, please indicate your endorsement of this individual's application by signing where indicated on the last page.

Please don't hesitate to call me with questions at (703) 838-1703. The deadline for submission is **June 30, 2018**.

Sincerely,

Brian K. Lagana
Executive Director

2018 SECURITY PROFESSIONAL OF THE YEAR

Submission Guidelines and Application

The guidelines and application herein have been adopted by the Transportation Security Council (TSC). All applicants will be evaluated based upon their qualifications, experience, and contribution to the field of Security. The Committee evaluating the applications will be looking for exemplary management of successful programs, effective coordination with law enforcement, and a model security record. It will also take into consideration each individual's commitment to his/her profession, continuing education, and extracurricular activities to advance industry security, such as teaching, advocating, and participating in ATA and TSC activities. All related factors will also be considered.

For the sake of fairness, the Committee will weigh the size of the fleet, staff and program budget relative to the professional's successful management, programs and experience. Whether working for a small or large company, every security professional who is a member in good standing of either the American Trucking Associations and/or TSC, is eligible to apply and has a chance at winning.

Applications should be complete and truthful. ***Before submitting the application, a senior company official from the Applicant's company must endorse this application by signing the last page of this application form where indicated.*** This tells the Committee that the Company supports and authenticates the application.

Preparing the Application

1. Complete the Applicant Summary Sheet and Application Form. If more space is required, add rows/columns/pages as needed. The Applicant's resume may be submitted in lieu of the Applicant Summary Sheet and Application Form, adding information on the Sheet and Form as needed.
2. Please provide a current photo (color) of Applicant, in a high resolution, electronic format if possible.
3. Prepare a brief statement, summarizing the most significant professional and personal qualifications and goals of the Applicant.
4. Have a senior company official endorse the Application submission by signing the form provided on the last page of the Application Form.
5. Arrange and order Applicant's application materials in a three-ring binder format. If an Application binder has been submitted previously for the Applicant, you are not required to retype the previous application; however, the order of the information should remain consistent with this Application and all new information should be added at the appropriate section of the Application and location in the binder.

2018 SECURITY PROFESSIONAL OF THE YEAR
