

**Regional Cargo Theft Task Forces and
Related Cargo Theft Organizations
Contact List – Updated 06/26/2018**

The following list of regional cargo theft task forces and related cargo theft and supply chain security organizations has been assembled from multiple sources by the American Trucking Associations' Transportation Security Council. This list is not meant to be 100% inclusive, and its accuracy cannot be completely guaranteed as contacts and organizational structures change based on need, budgets and the political climate.

If you have additional task forces, organizations or individuals that you would like to add to this listing, please send the information to the council's Executive Director, Brian Lagana, at blagana@trucking.org. Similarly, please send updated information for an existing listing to the same e-mail address.
