

ATA Transportation Security Council Technical Committees

Cargo Theft Committee has general responsibility for recommending, creating, and/or updating cargo theft initiatives for the Trucking Industry. Under the Councils' Cargo Theft Initiative (CTI), the committee seeks to create and/or enhance both State and Federal Cargo Theft Legislation, develop strong alliances and communication channels between law enforcement and Industry security professionals, and State and Federal Prosecutorial bodies.

Claims & Loss Prevention Committee has general responsibility for reviewing, recommending, creating, and updating/revising cargo claims and loss prevention programs, products and services, including freight claims rules, interline arbitration, bills of lading, claim forms, etc. In addition, the Committee monitors, evaluates and provides input to ATA legislative, policy and legal staff on loss prevention and claims legislation, regulation, trends, practices, experience, and current case law relating to cargo claims.

Education Development Committee makes recommendations regarding program themes, topics, content, schedules, speakers, activities, fees, location, and the scope of Council events, exhibitions, and other education forums, and shall assist in the recruitment of speakers, exhibitors, sponsors, and attendees.

Homeland Security Committee has general responsibility for reviewing, recommending, creating, and/or updating/revising transportation security programs, products and services; as well as monitoring, evaluating and providing recommendations to ATA legislative, policy and legal staff on legislation, regulations, trends, practices, and policies relating to transportation, supply chain and homeland security.

Expectations for All Committee Members

- ❖ *Attend and participate in TSC meetings and Committees (not less than once per year)*
- ❖ *Respond to requests for information from TSC staff*
- ❖ *Assist TSC staff with program and product development*
- ❖ *Encourage others to join TSC*
- ❖ *Use influence to help gain funding of TSC programs*

ATA Transportation Security Council Technical Committee Sign-Up Form

TSC's Technical Committees are responsible for reviewing, analyzing and making recommendations to ATA regarding relevant industry trends, regulations, legislation, laws, practices, and technology. This is your opportunity to get involved in shaping the trucking industry's programs, policies and recommended practices.

Committee appointments are made each year by the TSC National Chairman in accordance with the Council's Operating Procedures. Completion of this form does not guarantee appointment due to Committee size limitations and qualifications (e.g., each member may not serve on more than two Committees). A confirmation of your appointment(s) will be sent to you.

To be a Committee member, you must: (1) be a TSC member; (2) *attend and participate in TSC meetings and Committees (not less than once per year)*, and (3) *participate in Committee discussion and assignments*.

To sign up, or renew your interest in a committee, please complete this form. (Please indicate your first preference with a "1" and your second choice with a "2", etc.)

Yes, I am interested in serving on the following committee:

- Cargo Theft Committee
- Claims & Loss Prevention Committee
- Education Development Committee
- Homeland Security Committee
