Intrastate CMVs are registered at local licensing offices. CDL/CLP holders have been granted a waiver, effective for the period beginning 3/20/20, through 6/30/20, applies to CDL or CLP holders whose commercial driver license and/or medical certification was valid on 2/29/20, and expired on or after March 1, 2020. (This excludes medical certifications issued for less than 90 days.) Drivers must carry a paper copy of their expired medical certificate to provide proof the expiration date was on or after 3/1/20.	At this time, title applications from designated agents and salvage inspection applications will not be received in-person at the Montgomery Taxpayer Service Center. These applications must be mailed to the Motor Vehicle Division. In addition, all other motor vehicle title, registration, IFTA and IRP transactions must be submitted electronically. For additional questions please contact the Motor Vehicle Division at 334-242-9000. State department of revenue offices remain closed to taxpayers until further notice.	For Motor Vehicle Registration laws as related to the annual registration and renewal of vehicles, the registration deadline has been extended to the last business day of the subsequent month that the registration was otherwise due for registrants in counties where the county license plate issuing the official's office was closed at any time during the month the registration was originally due and the closure resulted in the registrant not having access to the county licensing office for the entire month that the registration was originally due. Vehicles engaged in relief efforts to operate without IRP or IFTA credentials were extended to 5/1/20.
