

ATA'S MOVING AND STORAGE MEMBERSHIP

Frequently Asked Questions:

What is the purpose of the Moving & Storage Conference: The Moving & Storage Conference focuses on advocacy for the moving and storage industry.

ATA's Industry Affairs team will focus on training, education, professional development and certifications.

Are moving and storage issues and programs be incorporated into the overall ATA? Yes, ATA has a number of resources that will benefit the moving and storage industry besides the MSC Conference. These include our image programs, communications team, a full-service design and print shop, an extensive meetings department, as well as marketing, membership and sales teams. ATA's policy committees develop recommended policy for the ATA Board of Directors. ATA's Litigation Center and other specific councils and conferences add to the powerhouse of ATA. Our American Transportation Research Institute, along with our Trucking Cares Foundation and Trucking Moves America Forward image movement are independent organizations that are under the ATA umbrella. ATA is a member-driven organization.

Additional Questions:

Consumer Website: The moving.org website is up and running and rebranded so consumers have information they need when planning a move. www.moving.org.

BOC-3 Designated Agents for Service of Process: As a MSC member, ATA will file at no charge your BOC-3 forms in order to maintain your operating authority. For additional information please [click here](#).

Arbitration: ATA has an Arbitration program to help household goods carriers meet their arbitration obligations. ATA will continue offering this program as a member benefit to any ATA member or Moving & Storage Conference Member. You must become a Member of ATA to take advantage of the program.

Awards Programs: ATA enjoys honoring and highlighting many different individuals and companies for their excellence.

Committees: The ATA Moving & Storage Conference has developed a list of pertinent committees that you can participate in. Please visit the [MSC website](#) to learn more.
